

PORTABLE ELECTRONIC CONTROL BOX

STATE-OF-THE-ART PHARMACEUTICAL CONTROL THAT FITS YOUR BUDGET

SOFTWARE

DEA COMPLIANCE

Capture DEA compliant data, generate reports, and track inventory from pharmacy to patient

TRACK PRESCRIPTION INFORMATION

Know what facilities have what prescriptions

INTUITIVE DESIGN

Less time wasted struggling with a new program, more time to focus on clients

VARIABLE

A stand alone or integration into Point of Delivery (POD)/Pharmacy Processes

HARDWARE

PHARMACEUTICAL LOCKBOX

Keep medications secure and in your control by dispensing one dose at a time

EASY TO USE

Carrying handle and an easy-to-read number pad come standard

RELIABLE

Made from durable materials, you will never have to worry about your box breaking

SCALABLE

Inexpensive starting boxes with scalability from one box to hundreds
